

Cloudy bridges design and art, creating a striking light sculpture. Five asymmetrically arranged spheres, wrapped in semi-transparent fabric, evoke the softness of a floating cloud. More than a pendant lamp, it harmonizes form and diffused light, becoming a dynamic, poetic focal point in any space.

Color

White

Materials: Metal, PMMA, fabric

Light Source: LED (led driver included)

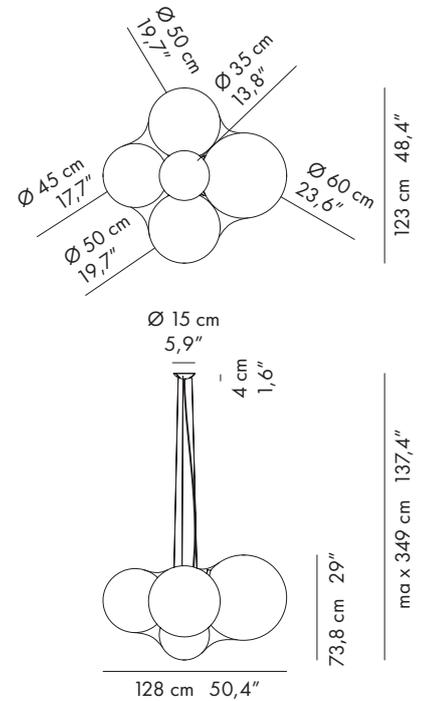

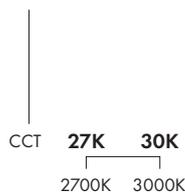

CCT

2700K _ 6842 lm

3000K _ 7602 lm

Code Construction

USCLOUDY BC XX XXX

Nominal flux (lm) of the products are estimated on the LED sources, with tolerances defined by manufacturers.
